SECTION 1. Tennessee Code Annotated, Section 41-8-106, is amended by adding the following new subsection:

(1) In addition to the reimbursement under subsection (c) and subdivision (g)(2), the department shall pay a recidivism-reduction stipend to any county:

(A) That has a population of less than three hundred thirty-six thousand (336,000), according to the 2010 federal census or any subsequent federal census; and

(B) In which the county jail houses convicted felons pursuant to a contract with the state or houses convicted felons awaiting transfer to a state facility, and provides evidence-based programs to those inmates designed to reduce recidivism rates among convicted felons.

(2) The recidivism-reduction stipend must be set at an additional five dollars (\$5.00) per day to be added to the reimbursement for each convicted felon who is enrolled in a qualifying program at the county jail. If a felon is enrolled in more than one (1) program, the department shall pay a stipend for each program in which the felon is enrolled.

(3) The department shall determine the eligibility of qualifying programs, which may focus on education, vocational training, mental health, substance abuse rehabilitation, building healthy relationships, or any other specialty that can be shown by scientific research to effectively reduce the recidivism rate of felons and increase the

likelihood of success following release from incarceration. Each eligible program must be evidence-based and matched to the risk needs of enrolled offenders.

(4) In order to maintain the recidivism-reduction stipend, the county must provide documentation that at least seventy percent (70%) of the felons who enroll in the program go on to complete the program in a timely manner as determined by the department.

(5) After a program has been in existence for three (3) years, the department shall review the recidivism rates of felons who complete qualifying programs to determine whether the program has been effective in reducing recidivism rates. If the program does not reduce the recidivism rate by at least twenty-five percent (25%), the program shall no longer be eligible for the additional stipend as a qualifying program.

(6) The commissioner is hereby authorized to promulgate rules and regulations that, in the commissioner's judgment will implement and help effectuate this subsection. The rules and regulations shall be promulgated pursuant to the Uniform Administrative Procedures Act, compiled in title 4, chapter 5.

(7) Tennessee's community colleges, established pursuant to title 49, chapter 8 and Tennessee's colleges of applied technology, established pursuant to title 49, chapter 11, part 4, are authorized and encouraged to assist county governments in the development of programs, particularly relative to identifying appropriate job training and workforce development programs that will be in demand in that county's region.
